On September 21st, 2009, the Chattahoochee River flooded the walls of Canoe Restaurant causing devastating damage to our gardens, dining room and wine cellar. We would like to express our deepest gratitude to the talented craftsmen, vendors and many wineries that made everything possible for our re-opening. The wines presented here were made available to Canoe by many winemakers and winery owners who opened their reserves to re-establish our cellar here at Canoe. Enjoy!
